ORDER

Though on earlier occasions, we indicated that the appellant is trying to seek adjournments for one reason or the other, today also adjournment letter was circulated giving some reason.

This adjournment letter is opposed not on the ground of personal inconvenience of the senior counsel for the appellant but on the ground that in the area said to have been allotted by giving work order to the respondent (authorized area), the

appellant is trying to undertake pipeline work thereby obstructing the contractors of the authorized respondent entity from proceedings with the work. This is causing delay in laying the pipelines.

Under these circumstances, as the pleadings are also complete, the matter is listed for hearing including the issue of maintainability of the Appeal.

List the matter for hearing on <u>04.01.2019</u>.
