ORDER

APPEAL NO. 91 OF 2016

The dispute seems to be with regard to depreciation allowed in the year 2015 for the Financial Years 2012-2013 and 2013-2014. The Respondent transmission company submits that the physical verification of the assets has to be done by the Commission since depreciation at 5.28% (provisional) is already granted. This, according to the Commission takes two months once the entire information sought from the transmission company through the letter dated 03.05.2019, is received.

The Respondent transmission company submits that within one month from today the entire information in terms of the above letter would be furnished. Learned counsel for the Respondent Commission submits that they shall complete physical verification and place appropriate orders before this Bench within two months from the date of submission of the information by the transmission company.

List the matter for hearing on **27.08.2019**.
